

T2 METALS AND KICIWAPA CREE NATION RECOGNISED AT MANITOBA RECONCILIATION GALA FOR SHERRIDON EXPLORATION AGREEMENT

Vancouver, British Columbia – March 27 2024: T2 Metals Corp. ("T2" or the "Company") (TSX-V: TWO) (OTCQB: AGLAF) (WKN: A2DR6E) in collaboration with the Kiciwapa Cree Nation, is pleased to announce a joint award to recognise the positive impact of the Sherridon Exploration Agreement signed by both parties in 2023. The joint award was given at the 3rd Annual Reconciliation Gala and Forum held recently in Winnipeg, organised by the Manitoba Prospectors and Developers Association, and received by Kiciwapa Cree Headman Floyd North, and T2 Metals Director Amanda Dahl.

In June 2023, the Kiciwapa Cree Nation and the Mathias Colomb First Nation signed an Exploration Agreement with T2 Metals. This Exploration Agreement defines how the Kiciwapa Cree and T2 Metals will work together during exploration of the Sherridon copper-zinc-gold project in Manitoba, to ensure maximum employment, training, and financial benefit is retained within the Sherridon community.

In addition, the Exploration Agreement provides for a Reserve Fund where a percentage of exploration expenditure is utilized for community projects. This Reserve Fund is held by T2 Metals on behalf of the Kiciwapa Cree Nation and has been and will be applied to promote and support local business opportunities on request of the Kiciwapa Cree Nation.

A drilling program undertaken by T2 Metals in Q4 2023 provided multiple employment and training opportunities for Kiciwapa community members. The program, executed by Quesnel Brothers Drilling Ltd, was safe and successful and built strong connections between T2 Metals, the drilling contractors and the Sherridon community.

Mark Saxon, CEO of T2 Metals Corp. said *"We are very pleased to have our Exploration Agreement with the Kiciwapa Cree Nation recognised at the Manitoba Reconciliation Gala. The success of the relationship between T2 Metals and Kiciwapa Cree Nation will be a key measure of the success of the Sherridon project, and I value this positive first step. The relationship between the Company and the community is strong, and we appreciate being welcomed to explore at Sherridon. I particularly appreciate the close collaboration between Floyd North, Mitch Quesnel and Darrell Turcotte that facilitated a safe and successful first drilling program."*

Floyd North, Headman of the Kiciwapa Cree Nation commented "Kiciwapa Cree Nation would like to thank Chief Gordie Bear, Mathias Colomb Cree Nation, Mark Saxon and Jamil Sader, T2 Metals and Mitch Quesnel, of Quesnel Brothers Drilling for the positive working relationship and partnership based on early, transparent and consistent communication. The Exploration Agreement recognised and respected our Treaty 6 adhesion rights, and the interests of the Kiciwapa Cree Nation, ensuring that all work programmes were completed in a culturally sensitive manner. The key to our success were the deliverables that were provided by the project. In the end, our strong partnership and awesome Agreement created more opportunity for the Kiciwapa Cree Nation community members. We looking forward to more project activity in 2024."

The Hon. MaryAnn Mihychuk, President of the Manitoba Prospectors and Developers Association commented *"the Exploration Agreement at Sherridon that was recognised at the MPDA Reconciliation Gala illustrates what works for both forward-looking mineral explorers and the community. The Agreement reflects a partnership which delivers respect and benefits to both sides."*

Cautionary Note Regarding Forward-Looking Statements

Certain information set out in this news release constitutes forward-looking information. Forward looking statements are often, but not always, identified by the use of words such as "seek", "anticipate", "plan", "continue", "estimate", "expect", "may", "will", "intend", "could", "might", "should", "believe" and similar expressions. Forward-looking statements are based upon the opinions and expectations of management of the Company as at the effective date of such statements and, in certain cases, information provided or disseminated by third parties. Although the Company believes that the expectations reflected in forward-looking statements are based upon reasonable assumptions, and that information obtained from third party sources is reliable, they can give no assurance that those expectations will prove to have been correct. Readers are cautioned not to place undue reliance on forward-looking statements.

These forward-looking statements are subject to a number of risks and uncertainties. Actual results may differ materially from results contemplated by the forward-looking statements. Accordingly, the actual events may differ materially from those projected in the forward-looking statements. Such risks include uncertainties relating to exploration activities. When relying on forward-looking statements to make decisions, investors and others should carefully consider the foregoing factors and other uncertainties and should not place undue reliance on such forward-looking statements. The Company does not undertake to update any forward-looking statements, except as may be required by applicable securities laws.
